

Resolution Date: 11/11/2014
Resolution Title: March for Homes

The housing crisis hitting London is worsening every week. Mortgages are unaffordable, private renting is insecure, with poor standards and exorbitant rents forcing more to rely on housing benefit, while council and housing association tenants are threatened by estate demolition and sell offs, bedroom tax and other benefit cuts. Members of the Unite Housing Workers branch are at the sharp end of this crisis in their workplaces and often in their personal lives too.

We welcome the growing resistance of tenants and trade unions, private renters and the inspiring Focus E15 campaign. We will add our name to the organisations supporting the March for Homes, publicise it widely and encourage members and local tenant/community organisations to take part.
