

Bank of England Fair Pay Strike EVENTS

Staff working in the Bank of England are taking strike action as they want fair pay. Unite members will be on strike from **Monday 31st July** until **Thursday 3rd August** for fair pay. Many working at the bank are low paid. The bank will not speak to staff representatives about a fair pay offer so for the second year many staff at the bank have had no pay rise.

You can support these workers in their fight for fair pay and not a pay cut.
