

HOUSING SECTOR PAY CONFERENCE

Community Youth and Not For Profit Sector

WHEN: 26 October 2018

TIME: 1100 - 1600

VENUE: Unite the union, 128 Theobalds Road

Holborn London WC1X 8TN

Open to all Unite reps in the Housing Sector.

The gross value of housing association properties is now approaching £1.5 billion and the sector continues to be financially healthy, while housing associations often plead poverty to Unite members. Staff are expected to work harder for less pay and reduced pension provision yet the sector has had year on year inflation busting average pay increases for Chief Executives.

This conference will develop a common advance pay claim for Unite reps across the sector and build our campaign for better pay for Unite members who work across the housing sector.

It will be your opportunity to meet with other Housing association reps and work together to build our campaign for a decent pay rise.

- Introductions and outline of the day
- Current pay negotiations – all, brief update from attendees on their last settlements and/or current offers
- Work Voice Pay training
- Developing a campaign plan
 - Pan-sector Strengths Weaknesses Opportunities and Threats
 - Campaign plan and timelines
- Round up of actions to take our pay campaign forward

Please register your attendance with dawn.anderson@unitetheunion.org

Unite will meet reasonable travel expenses in line with the Unite Expenses Policy
