Resolution Title: The Battle of Cable Street

This branch notes that 2016 marks the 80th anniversary of the 'Battle of Cable Street', when trade unions and the labour movement stood together with the people of the East End to stop the 'British Union of Fascists' from marching through their multi-ethnic community. A series of events are being planned to commemorate this important event in our history, including a march and rally on 9th October. In the current climate, when racism is again being used to divide us, it's vital that we again send the message that we are united against bigotry and intolerance. This branch therefore resolves to support and publicise the activities, and make a donation of £100 towards costs of staging and organisation the events.
