

Resolution Date: 14th March 2020
Resolution Title: The RMT and the Anti-Union Laws

This Branch welcomes:

The Rail, Maritime and Transport (RMT) union's strategy for fighting new anti-union laws. In summary these are:

1. To seek a TUC backed national demo before the school summer holidays.
2. If the TUC fails to heed this call, then the RMT will organise it.
3. To build support across the union movement for a campaign on union rights.
4. To call a protest at Parliament as soon as any white paper or consultation is launched.

This Branch pledges:

- To support the RMT's calls at the TUC and support appropriate meetings and actions organised by the RMT to fight the anti-union laws.
- To write to the RMT confirming our support.
