### **Resolution Title: Paying Facility Time for Training in Unrecognised Workplaces**

---

This branch notes:

There is no provision within Unite for paid training for reps within unrecognised workplaces.

This branch believes that having trained representatives in unrecognised workplaces is an important step toward building membership and organisation and winning recognition.

This branch resolves to pay for training for reps within unrecognised workplaces for completion of Unite Workplace Reps training modules 1A and 1B as follows, should an employer be unwilling to provide paid time off:

- Full weekly pay for the first £30K/year
- Half weekly pay for the subsequent salary.
