

2010 Course Programme

Unite Education is dedicated to delivering training programmes which are based on the three pillars of the union's vision: organising, global solidarity and politics. This is reflected in the 2010 Course Programme where training our representatives is a key priority of the union.

The development of workplace reps, safety reps, learning reps and equalities reps is essential in order to provide the support that our membership needs and expects; and that, the union is committed to providing.

This programme lists the dates of Unite Education core courses scheduled in each region/country and nationally.

So we hope that you take advantage of our courses and enjoy yourself.

Les Bayliss
Assistant General Secretary

Jim Mowatt
Director of Education

Information on course progression routes, course content, course venues, administration, applying for courses and how we deliver courses can be found in the Unite Education brochure or on line at www.unitetheunion.org/education

As courses dates are subject to change, please check the website for up to date information. You can apply for a course on line or by completing an application form.
