

SOCIAL HOUSING PROTEST!

No More Cuts!

Restore Our Neighbourhood Services!

4.30pm, Wednesday 19th February 2020

**Peabody Group HQ, 45 Westminster Bridge Rd, South Bank,
London SE1 7JB**

- **Peabody** plans to drastically cut its Neighbourhood Managers and has done away with the Community Services team.
- **We believe** these cuts will cost lives; staff trained to intervene in domestic violence, abuse, and anti-social behaviour cases have gone.
- **The service** now lies with a smaller team, with less time, resources, and expertise for supporting tenants, residents and service users.
- **The cuts** put the physical and psychological welfare of tenants, residents, service users and staff in danger.
- **Peabody** reported a surplus of £149 million in 2019. The cuts will save £1 million but will not be used to reduce rents or service charges, or increase frontline staff pay.

Cuts to neighbourhood services are evident in too many housing associations. A sector worth c £20 billion must stop squeezing staff, cutting services, raising service charges, and dismantling both staff and tenant democracy.

Join us for the protest and demand that our landlords and employers restore these vital services!
